K20 CAREER CLUSTER CARDS

The K20 Center’s GEAR UP program wants to help you explore career options! This Career Cluster activity will help you think about your skills, personality, and interests to identify which clusters might be a good fit for you. While your interests will likely change over the years, the Career Cluster Survey is a great place to begin your exploration, but the journey won’t end there. You can use what you learn in this survey and apply it to other career activities and exploration.

What is a career cluster? A career cluster is a group of similar jobs. If you like one job in a cluster, you will probably find other jobs in the same cluster you will also like.

Materials

- Your survey results from step 1
- A device with access to the internet (computer, smartphone, tablet, etc.)

Instructions

1. Now that you have determined which three career clusters are your top matches, review the descriptions and career options below for each of these clusters.
2. Choose one of your top three Career Cluster Cards and visit www.mynextmove.org to further explore this career cluster.
3. Once you have explored one of the career clusters further, move on to the next step in this activity.
